

My Little Bakery Kit

A little Guide for Parents

Page 3 — Bakery Sign

Place the sign on a small table, box, or play area to create your pretend bakery.

Page 4 — Bakery Menu

Show the menu to your little one and let them choose what they would like to order.

Page 5 — My Bakery Order

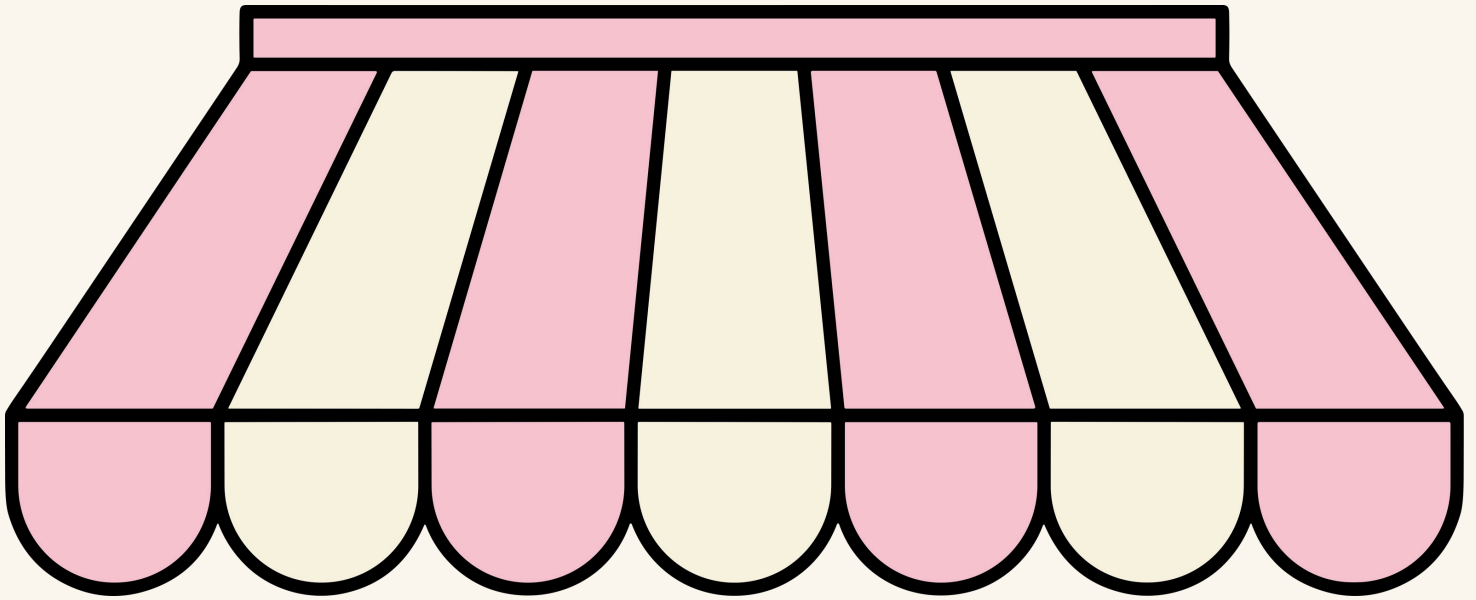

Use the checkboxes to keep track of the treats your child chooses. You can use the second row for another order or erase the pencil marks and use the sheet again.

Page 6 & 7 — Bakery Treat Cards

Cut out the treat cards before play. When your child's order is ready, give them the matching cards as their pretend bakery treats. Print these pages again whenever you need extra cards

Page 8 — Pretend Money

Cut out the pretend bills and coins before play. Your little customer can use them to pay for their order.
